

Reality; Destiny of God

**1** Now last night we were looking at the fact of a Melchisedec priesthood and we are not of those people who try to make something of it as though we are some great people and we're some kind of a priesthood. I think you got that from the Message that, that was not my thought. It's a matter of being in service even as Jesus came not to be served, or to be ministered to, but He came in order that He might minister. And we read a little bit from 1 Peter and the 2nd chapter and he said,

(5) You also, are lively stones, built up into a spiritual house, an holy priesthood, to offer up spiritual sacrifices, acceptable to God by Jesus Christ.

And then in the 9th verse.

(9) But you are a chosen generation, (I think that has to do with election, it has to because you see it's chosen.) a royal priesthood, an holy nation, a peculiar people; (That's people for a possession--the word 'peculiar' signified by a circle with a dot in the middle of it.) that you should show forth the praises of him who hath called you out of darkness into his marvellous light:

And of course the constant praises to God, that Jesus Christ did live a sacrificial life and He was the righteous servant, He was a servant to all men.

**2** Now, many, many people, I think without meaning to, bring these two verses of Scripture into line with the thought that we are to give the sacrifice of our lips and this has more or less devolved into then in Pentecost a great form of worship which is verbal, and thereby they bypass the true meaning of what would be a spiritual priesthood, which would be the people serving God by serving mankind, and serving each other, and loving God by loving mankind especially loving each other. And remember, I forget just the incidence but I'm sure that most of you can remember if you read it yourselves, how that it was said concerning the old Christian saints in the first century of how they loved each other and that love can only be manifested by an action, you know, even if it's an action of the eye.

Remember how Bro. Branham said to his mother, he said, Ma, he said, mother if you can hear me, just bat your eyes, and she'd bat her eyes. He said, Are you saved? She bat her eyes. Well, sometimes there's just a little love light in a person's eye, just a little, just a glance or something, that's an action; and something of sympathy, something of empathy, something doing always for each other. And we're not in a rat race as though we're trying to win souls, we're trying to do something, it's a natural outflowing of the Spirit of Christ and I'm just letting you know that Bro. Branham gave many tests concerning the baptism with the Holy Ghost. He said the major one was, "To be in the Word." We understand that. To believe the Word, to acknowledge It, but he also said, "All right, let me give you a test, he said, how many people are sighing, and crying because of the sins of the country?" Why he said, "God went through the paper with an ink horn today, how many would be marked by the angelic ink horn showing that people are sighing and crying?"

**3** The best we can do is a little bit like old Lot, you know, he was so fed up that his righteous soul was vexed. I don't think his soul was too righteous if you ask me, you know, the way the old boy lived. But we'll give the Bible credit for it, not trying to get rid of the Bible, the Word of God being

holy. See God gives credit because He looks on the inside and there was an imputation there. But the old boy was vexed to a certain degree. Well how much really are we vexed?

So, we looked last night at the principle of a priesthood wherein we could begin to judge ourselves, our lives, really those lives that we enjoy doing for people. Like Bro. Branham said, "You can't wait, he said, for the church door to open." You know, I used to look at Bro. Branham and say, "Boy, I don't got that. Come times I kind of wish the church door didn't open." Now it's come to the place where I could just live in the church. I feel better up here than any place in the world. I feel, you know, sometimes I stutter around and I'm not a stutterer but I can be nervous and almost stutter, but when I get up here something begins to happen because there's anointing on the Word of God, and you know...so I can't wait for the church door to open and I don't know when I've wanted the church door to close, unless I'm finished preaching and everybody's standing around here talking and I want to get home.

**4** But other than that, you know, it's...but so we look at these things and we see that there is an evidence of the Holy Spirit and it's not just a matter of receiving the Word because Paul said, "Though I understand all mysteries and have not love," and Bro. Branham said, "That was the Holy Ghost," he said, "I'm absolutely nothing, I haven't got it."

So last night we were looking at this thought here of the, of a priesthood of a people who love each other, and who do for each other, and are considerate of each other, and put themselves out, and lay their neck on the block, and things like that; and you know something, that's so missing, brother/sister, it's so missing. We've got a little hard core here in the church and I don't know it's in everybody, I trust it is in everybody. I don't put anybody to one side. Myself, my family as though hey, they don't have it. But you look around, and look, we're not dumb, we're not deaf, we're not blind, we're not stones, we're not inhuman, we know brother/sister when we're in that divine flow. We're not kidding ourselves.

Well Terry always said, "Our people," you can hear it on tapes, we're a tiny church here, and being a small church every body knows everybody's business, who are you kidding? You know all my faults, I know yours. Maybe I've got a few secret sins you don't know, come around and try to find them out. That wouldn't be too hard, I live outside just the same as the pulpit here except I maybe watch my language a little better here because I've got a little more circumspect, little more grammatical, you know, a little more to the place where you can really understand what I'm saying.

**5** But anyway, that's what we had last night in our minds and I just wanted to let you know, because a little reiteration, a little going over it helps to impress it on you that it's something that you must pay heed to and begin to check yourself because you can stop the divine flow by your own senses, not your sensitivity, but your senses. A sensitivity means you're really getting behind something, getting where you're empathetic to it. See?

So we're looking at, for people, now God is looking for a people as He even said to the foolish virgin, He said,

"Look," He said, "when I was in prison you came, when I was hungry you fed Me, naked you clothed Me, and so on."

They said, "When in the world did we do that? When did we do that? We don't remember any thing at all."

"Well," He said, "you did it to my brethren."

Then if that's done to the brethren, what should the brethren be like? Now let's answer our hearts this morning, brother/sister. Where are your lives? Where is everything about you? Look it, you could reduce this thing to a financial thing--forget it! There's a lot things more than financial. We can start there as an illustration but you've got to go deeper. See? That's something we look at and say, "Now listen here,"...that's where the little widow lady, the little washer woman with her one to three tapes can make it. As Bro. Branham told Billy Paul, "There is some in the message this much make it, and there's some that much and never make it." Then again how much is the Message in you and me? See?

**6** So it's just a little guideline, a little thought here. Now that's not the subject, I'm going to go to my subject which we started last Sunday, and we were looking at the fact that Bro. Branham said over here, if I can find where he said it, can't seem to find anything and looking for it, but you know what that's like. See, what page am I on, oh I was on the back of it wasn't I, or was I? Well somewhere in here anyway, that's funny, I saw it a minute ago. I guess I've got too many places marked up. But anyway, if I never find it, it's here and you don't know what it is except I tell you which makes it awkward. But anyway, Bro. Branham said, "What we study here in Melchisedec is what every,..." oh here it is here, I didn't mark right. Oh brother!

[65] When Abraham met Him, That's God. He was Melchisedec. That's the character or the role of the act. and He unfolds here In this what Bro. Branham is teaching from that portion in Genesis 14, He unfolds here what all the attributes That's the sons or the seeds. will do in the final end, every son of Abraham. That would be every spiritual son, every child of God, every so and so. Every son of faith will do absolutely the same thing. But I want you to watch how we have to come.

So what we did here, the last two or three times, what we did was to realize through the principle of Alpha and Omega, that what was in the end was in the beginning, and what was in the beginning was in the end so like Bro. Branham said, "You never bother too much what's in the middle, you just watch both ends."

Now he said, "Up until the time of the opening of the Seals till this day nobody had to worry too much about the token." Well THE Token had not come because THE Token is the Lord Jesus Christ Himself. But the token had come in the sense, and the true sense, that a token from THE Token was given to each individual because it started Pentecost when THE Token came, Christ in the form, God in the form of the Holy Ghost, Christ in the form of the Holy Ghost in a Pillar of Fire, and a little flame, a little lick came from each one to each one from the central cloud, though the central cloud was not diminished. It was just like the Spirit of God lighting the Spirit of man or the soul of man, the spirit of man being the candle of the Lord, and God binding that one back to Himself, showing that that one was an original child of God from the very beginning.

**7** All right, now, all through the ages Bro. Branham said, "You could get away with joining a church and you could do this, and you could do that, the other thing, but, he said, now without the token you'll never make the Exodus." And that's true. There's nobody going to get out of here, not that they could be Bride without it before, but there's nobody that's in the will of God and the divine flow of God, and the Bride of Christ, that is not a part of the baptism with the Holy Ghost, does not have a part in it, and recognize the Token is here.

Now, so we go back to the very beginning. I thought I had a green, oh I do, I've got one here. We're going to go back to the very beginning up here and we're...that's not green, it's got a green, that's not right, somebody got the wrong cap. See? That just shows you if a brunette dyes her hair blonde, you've still got a brunette. Right? Yes sir, don't you...Bro. Branham said, "You can tint your

hair if you tint it the colour it used to be."

All right, we'll start up there [See 1 on the left side of drawing] and this will represent, a circle, which will represent the eternal God and there was nothing before Him because He is before all things and you cannot understand eternity, you cannot understand God. There's no way. Now if He were visible to us, we could say, "Well all right, I can recognize God because there is a certain form there attached to It that gives me the ability to know that God is within that form."

So therefore that's why Jesus said, "He that has seen Me has seen the Father." And that's as far as you go because He said, "No man can see God and live." There's no way, there's no man at any time that has seen God, "The only begotten of the Father who is in the bosom of the Father, He has led Him forth and declared Him by words," He's described Him to you, He's made Him plain and if you don't listen to Word and understand what is there by vindication, forget it, you never had a part in the beginning; because you've got nothing to understand with.

**8** That's the same as a little eagle. Bro. Branham said, "The eagle couldn't understand how the chickens could be so happy picking in the manure heap with the old mother saying, 'cluck, cluck, cluck.' " And he was just ready to, you know, bounce their heads in, because he ate fresh meat-- he couldn't take it. He was just always in trouble with that bunch of gooks in the barnyard. "And one day his mammy came flying over and screaming--that did it. Well she said, 'Just jump up.' 'Well,' he said, 'I've never jumped before.' 'Well come on, you were meant to jump,' she said, 'you'll see what happens.' He jumped and pretty soon took off." He was going back, you see, to his origin.

All right, we're talking back here of the origin of all things. Now, what we want to do, we're making some dots in here [1a] and because Bro. Branham speaks of attributes: which he speaks of the seed, which he speaks of the soul, which he speaks of sons of faith, sons of the spirit, sons of God and right down the line, he used about six or seven different appellations in this Message alone.

Now, what I want to start with this morning is what I talked about one time before and that is; we are missing out on the understanding of reality. We look at this Bible and the song writer says, "God had a plan. Oh beautiful, lovely, plan." So now God begins [1p] to work a plan. So as He works the plan He begins to work all things into His plan and everything is nice and so we see a sort of an impersonal, im, i-m, impersonal thing. Now, that's a lie. That's the devil's lie because the devil is a part of that and he is very impersonal though he is personal and one day he is going to be annihilated and all his rotten botched up devils with him. Even every mosquito that bit you is going to be annihilated. I have no use for mosquitoes. Every germ will be destroyed. So we are not looking at the impersonal when we talk this morning, we are looking at the personal. We are looking at the personal God who had a Son.

**9** Now Bro. Branham said, he said, "Let us just, with spiritual eyes, see a light form." He did not say, "God created a light." He said, "It formed." Now, when you use the word 'formed;' it means something is molded from that which is there. When you use the word 'create;' it means nothing is there and you make something so something will be there. Now he said, "A light begin to form," So if a light begin to form, [2] and he said, "It was like the Son, call it the Son, call it the Logos." He said, "All right," he made it all the same thing, "Son of God," same thing, right down the line, and he said, "Like a child playing around his father's door," so we put Him there. [2]

Now, look, I'm going to change that [1] morning for a very good reason, [See 1 on the right side of drawings] I'm going to do this. [Draws circle around 1] Now we have a picture of God in the role of Sonship, whether you want to understand, or believe it or agree is up to you, this is what I understand myself. We have in the role of Sonship because this is the Son of God and God is in the

Son because the Bible distinctly says--and always again we use the understanding that God never changes, when He does a thing once there's no argument from that time it's always the same--and the Bible says, "God was in Christ reconciling the world to Himself." And Jesus Himself said, "God is in me speaking the Words and God is in me doing the things that I'm talking about." So it was not Jesus doing it, it was God in Christ doing it. And Bro. Branham categorically told that as, "The Christ, as the Son of God, as Logos." Now I'm just not going to argue with anybody, I just believe a prophet.

**10** Now the reason I say I put it around here [2ah]this time instead of out here, although it's perfectly all right which ever way you want to put it, is because, "Believest thou not that I am in the Father and the Father in me." Now, let us look at this thing to begin with and understand where we're coming from. Well, we'll do it by going to the Scripture and we know the Scripture in Jn 1:1.

(1) In the beginning was the Word, and the Word was with God, and the Word was God.

So therefore as Bro. Branham said, "If you make Jesus the Word," And we're talking now of the human being, "You make three gods." You have, even with my speaking here, very close to a Trinitarian concept, that we're looking at a great fountain that burst forth into three components--but that's a laugh. You couldn't get three if you tried because the Holy Ghost, Father, Son and Holy Ghost is not God the Father, God the Son, God the Holy Ghost, because God the Holy Ghost is the whole of it. That tells what it is or as Serbatus says, what it is doing. So you eliminated one of them. You might as well come back to the truth of the Word, It said, "God had a Son," period.

Now, in other words, God in the form of Sonship is what you're looking at, which you're looking at Logos. Now let's look again. The word 'Logos' comes from the word 'Lego,' and I'm quoting Vincent and he's one of the best authorities. And in the word 'Lego' there are four components as root meanings.

1 To lay or to spread out. So that would mean, whatever is there you're going to lay it all out, spread it out.

2 Is to pick out. You'd categorize, put it in sections.

3 Then you would gather it. In other words, there would be a blending, a unity, a cohesiveness.

4 Then picking up, which would be to package, put it on its way.

**11** In other words, if you're looking at God here and you're looking at Logos, you are looking at the great infinite mind being exactly what He was, and is, and ever will be, and within Himself deciding exactly what He Himself is going to do with Himself. Now whether you like that or not I can't help it. And I know it's over our heads but I still can't help it, because there's nothing there but God. He hasn't made one speck of stardust, there isn't a wind blowing, there's no leaf on any tree because there are no trees, there's nothing. There's absolutely God.

So we see that Logos is the understanding of what the old Memra was to the Hebrews, which they equated God to His Word. That's why Bro. Branham, always equated God in the Word and that's exactly theologically correct. But you know, people don't want to believe that. So here [1] we have God.

Now, what I'm bringing to, before I go further is this one thing; if we were...well I'll use little green

dots here, [1a] if we were here, we are not looking at plan, see? We are not looking at plan. We are looking first of all at sons and then a plan. Now, married couples marry on the grounds of a physical attraction and the physical attraction of the likeness brings forth children.

Now, let's say that a couple, like Abraham and Sarah, have great plans for this son, because Abraham is a rich old boy, he's loaded. Now he says, "Sarah, when we have this boy of ours, and he'll have at least three hundred camels by the time he's four years of age. He'll have a thousand servants. He'll have the pick of all the beautiful girls because look it, I can go anywhere with my money, get him the finest wife and wives anybody would want." But now just a minute, what if he doesn't have a son? "Well we could have a daughter and I'll get her the finest husband in the world. He doesn't have to be rich because I've got enough for everybody." What if he doesn't have a daughter? What's the use of planning? So you see what I'm trying to drive at, this; God--it was already here.[1a]

**12** This is where we fail in our relationship to God, we cannot seemingly come to the place of recognition and this is what killed Bro. Branham as the prophet: God in the prophets, God with a skin on it.

"Well how could it be possible that William Branham could be God to the people and God could be in him to the extent that William Branham said, "The Pillar of Fire is standing up inside of me now." Oh hogwash, what a blasphemous, terrible thing."

But just a minute now, what about you said you received the Holy Ghost?

"Well you see Bro. Vayle, that's very impersonal. That's not making any great claims. That is just the mercy of Almighty God that He saw a poor blasted sinner, blasted with sin, and degradation, [Da-spots] as dark as dark could be and maybe some weren't quite so really black and horrendous and we were just a little paler, [Br-spots] like a nice rich brown colour. But God in mercy, Hallelujah, looked down upon a reprobate, a swine, and a dog and by divine \*alchemy by the Holy Ghost changed me [Wh-spots] into a lovely sheep." Pbbbt. Have we ever heard such blasphemy? The changing of the specie. "Because you are sons God has sent forth His Spirit in your heart!" [\*Alchemy -- a process of transforming something common into something special]

**13** Now listen, I'm going to tell you something, this is not just rough preaching. This is hard to understand, I can't get it myself --but I'll preach if it chokes me and kills me; and this is where your lips sacrifice, and this is where you sweat, and I'm sweating because it's hot. That's Judy's fault because she didn't like my coat last night, she said, "Wear something smarter." It was wool last night, it's wool now too. But here you are, see? It [Points to the spots on the board] makes you sweat spiritually. To even dare to claim, "I came from God, and I go back to God."

I want to ask you, where do sons come from? The Bible pinpoints it from the loins of the Father and Bro. Branham explained it. He said, "Because you and your mother are one" and that's exactly the Word of God because Adam and Eve were one, and if you think the same God can't bring the egg, the right egg, and the right sperm together, you sit here dense, dumb and unspiritual, because Bro. Branham said, "The virgin birth is nothing compared to a birth that God, going way back to your great, great, great, great, great, great, great,--take it all the way back." As Levi was in the loins of his great, great grandfather Abraham. So where did you and I come from? See?

We are not looking at a plan, [1] my brother/my sister. We are looking at God where God is all and in all. Now that's the first thought with the little thought this morning, whether we take off or not, who knows? So let's get down here a little lower. We're going to get down here to the earth, which is

very dark, and put some of you brown people in there because you just weren't half bad, you weren't killer dogs, you were just dogs, "yep, yep, yep" marking around, you know, cussing and stealing but you weren't killing, you weren't real black dogs. Down here though we'll put some of these dark people, these brown people in there. Yes...not Lee Vayle, ain't going to do that. I'll show you what were going to do. You've got these people down in here [6ts] and there's whole lot of them. There's just maybe thousands of them but not millions. Of course over here [6hms] he's got these over here and they look like that and there's hundreds of millions of those. See? When the Light strikes this one [6ts] turns all white; Light strikes that [6hms] turns all black--wrong seed see?

**14** Okay, He's down here. Now, how did He get down here? [6ts] See? That's what we're looking at. We're looking at the fact that God had all these seed up here [1a] and we're going to put a touch of green here, or is that blue? It's kind of green I guess. These colors are so poor or my eyesight is, one of the two. I never know, and then the caps fall off and I don't know where I'm at. This is blue, that's green, okay.

Up here, [1a] now these sons here got to get down here [6ts] and they're real sons of God and they get sealed in by the Holy Ghost and the Holy Ghost comes upon the body. That's why this body [6ts] when the Holy Ghost comes through the Word of God turns perfectly white. So the whole being is now subject to the Holy Ghost. And this little part in here, being eternal, didn't need the Holy Ghost except to bind the lost son back to the Father and show that he is now sealed in. The Holy Ghost comes upon the body making it immortal in the sense that though it dies and evaporates it'll come back in the Resurrection.

Now, we go up here [1 refers to the drawing on the right] in the beginning and we see this whirling light around here, [2ah] and what I did in the beginning I like to take this over here [2u] because this way it becomes unique. See? It becomes uniquely what I've got in mind. Bro. Branham said, "The only difference between us and Jesus,..." now let's get this as far as the pattern is concerned, not the intrinsic essential death, not the true personality, but all were sons and Jesus was the only begotten son and that in the Greek signifies one and only, never was, never has been, never will be anybody with His uniqueness. He is the Son of God as nobody else is the son of God and God is the Father as God is the Father to nobody else. That's what we're looking at. So, we have it out here [2u] just for the sake of not argument, but effect.

**15** Bro. Branham said, he said, "This [1] light begin to form and appear." Now, there was nothing there in the beginning except God. So then, what will this be? [2u] Whatever you see will have to be God in a form. In other words, God formed--not God creating, now to make something, but God forming Himself. Now Bro. Branham did say, "Christ was the beginning of the creation of God," which the Bible says over there in Revelation chapter 3, about verse 14. He said, "That was God creating Himself in the form of human flesh." But you'll notice right there this [2u] is not a creation in human flesh. This is where he said, "God formed." So therefore it's something.

Now, he said, "This [2u] is a theophany, or a spirit-body." Right--spirit-body. Now he said, "You and I bypass it." Come down here; [Draws arrow from 1a to 6ts] now not here, [6hms] no, no, no. Just down here to these right here.[6ts] Nothing, you can't have any other type. See?

The reason I make that very black [6ts] [Brown on the drawing] is because a son of God is apt to, can do, and many times will do everything that a sinner, a seed of serpent will do except he will never blaspheme the Word. But in his actions he can do everything, just as much and even maybe more.

Now I realize Stalin never got saved and Hitler never got saved. I don't know about a lot of others,

Ghengis Khan didn't get saved I know that--but Paul got saved and he was an instigator of murder. In fact he was worse than a hit man because he got the guys to do the hitting for him. And what do you think is worse? A guy egging somebody on or doing it himself? I think the guy that eggs somebody on to get him in trouble is a worse jerk than the guy in a messy stinking mess than the guy that, you know, just on his own does it.

That's the truth. If you don't believe that how come people shouldn't get onto these drug peddlers? Any man peddling drugs should be destroyed--kill him. Shoot him, or hang him, or inject him lethally, whatever it is, I don't care what it is, and I'm not out to just kill anybody but look, the Bible is the Bible. So you say, "Bro. Branham didn't believe it." You're wrong, Bro. Branham did. He said, "The reason he couldn't endorse capital punishment too thoroughly was because, he said, the rich man got off and the poor man didn't." Every time, usually when they got a black man, then of course they killed him right off the bat because he was no account, he didn't have a soul as far as they were concerned. But that's a lie, everybody's got a soul.

**16** So all right, we find these [1a] coming down here [6ts] and they are bypassing this body. [4] See? They cannot have that. "They come down here [6ts] in order to be tested by sin" Now, Bro. Branham said that. Now, what we find in "The Future Home Of The Earthly Bride," is the picture of what is down here [Points to the area of 6ts & 6hms] which is the consummation of life [Points to 1] in a physical form according to wisdom. Did you hear what I said? It's a consummation of life. See? In physical form according to the plan--that's the consummation--of the life that was up here. [1] In other words, Bro. Branham told us, that we have a,...

Well we'll just make this, well I'm going to put this the Lamb on the throne here [5l] and here's the pyramid, down here [8nj] that's the city. Across here there's going to be a wall, [W] a wall there and out here are all the non Bride, [8nb] foolish virgin. [8fv] In here, I just put these different colors for the sake of contrast. In here [8ve] of course is all the people of God and we'll make this in here [5l] where the Lamb is and above it the Pillar of Fire. [1pf] Okay? God.

Now, at this particular time you will notice that the ages have been consummated, everything is completely finished, and every son of God that died in Adam, and that's going to be virgin wise and virgin foolish because the only difference is the pattern, Bro. Branham said--there's no difference--and you can see on judgement day, White Throne--they enter into eternal life. See? All of these people here, [8ve] we've come to the place, what do we have? We have God now with plan, devoid of plan because the plan is consummated concerning redemption.

And what do we have? We have the Lamb, [5l] the unique Son, Only-Begotten One, who is the head of the church; and Christ is head of the church and God [1pf] is head of Christ, and down here [Points to 8ve -- 8nb -- 8fv] we have all the other. So Bro. Branham said, "We are not Jesus Only, we are not Trinitarian, we stand between." Now it's hard to understand but that's the end of it.

**17** Now, if Alpha is Omega this [Points to 1pf & 5l] is what was actually there. It was there, [Makes a circular motion around 8nj & below the W] but now God formed and created and formed in order to do this. [8nj] Now, we're at the end time, there's no doubt about it. We're right at the end time.

So, let me read some notes here. He said, "We're not Trinitarian, we stand in between them and Jesus Only." For we saw that through the divine principle of Alpha and Omega, there is one God. Next there's God's Only-Begotten Son who is also the captain, or our brother captain were called, of all the rest of the children and finally there is the sons of God and they are in their own order exactly as Bro. Branham told us, as the Word tells in 1 Cor 15:21 and so on. Well it says in 20.

(20) But now is Christ risen from the dead, and become the firstfruits of them that slept.

Now remember they're several begottens in the Bible. This is one of the begottens from among the dead.

(21) For since by man came death, by man came also the resurrection of the dead.

(22) For as in Adam all die, even so in Christ shall all be made alive.

**18** Now the thing is this, did we all die in Adam because of what Adam did? Absolutely. Then will we be all alive because of what Christ did? Absolutely. You see, we're not dealing with happenstance, or chances. We are not dealing with the plan. We are dealing with reality which alone is God because He said, "I am the way, the reality, and the life, and there's none beside me," and this [8nj] is reality in view the way God wanted it. And God can present Himself and do with Himself anything He wants.

Now, let's understand up here, [1a] there is a bunch of people who believe this is the Elohim of God and we're all gods. We are not all gods, we are God's sons. We are God's children. That's why there's one God. And the life of God does not constitute the making of many gods. It constitutes a race, a peculiar people, a chosen generation and the Bible tells us, "He shall have a seed." And that seed is what you see right here [8nj] into a manifestation.

Okay, all right, so we see the divine order--Christ the head of the church and God the head of Christ. Is that what the Bible teaches? It sure does, look in 1 Corinthians. At this time it can be seen that God is once more manifested, revealed in three because God is God. That's what He is, up there in the Pillar of Fire, giver and sustainer of all life, the Father of all His children. Number two: and there is the Son who is a part of God, a part of the Life of the Father because God said, a part of God went up.

**19** So therefore, essentially you see, when you see Sonship, you see God in a form and it's always...that's why God created all things by Christ Jesus because He was in that form to create. This here [2u] really is God in God's own Godness. And hey, just a minute now, let's understand this; that we bypassed this.[4] And Jesus said, "Give me the glory I had with You in the beginning," and He said, "Glorify Me with thine own Self." Take Me back to my theophany. Get me right back there, [1] get me right back where the whole thing was God, not just principle but a reality and the same thing is we bypassed this [4] and Bro. Branham did not change the meaning in the King James version because it says, "We have in Heaven an eternal-body, a spirit-body, a Word-body waiting for us." So therefore eternal had no beginning and no end. But we missed it, [4] but if you die you go back and get it. That's why Bro. Branham said so passionately, " Don't, don't, don't, don't, miss it." Beyond the curtain of time. Not the miracles, not Resurrection, not this and not that but that vision was the one that did something that nothing else could do.

It was the same with the apostle Paul. You see? Reality struck the man that he could stand there and say, "I am God to the people." And we can say the same thing, "I am a lesser god because I'm a demi-god." "Well how do you know you crazy nut?" Well that's my business and not yours. You wouldn't believe it anyway. Shows you've got no part in there. I'm not talking about me, I'm talking about all of us giving our testimony. See? And there is the Son of God, see, on the Lamb, who is a part of God, a part of...you say, "Well just a minute now." Just a minute, aren't we a part of God?

**20** You know, this thing life is such a peculiar thing. Let's digress and then I'll let you go pretty soon because I've got to watch the time. Life is such a peculiar thing. Here, [LBS] let me get my little brown seeds here. Little brown seeds, little brown seeds, little brown seeds. And by the way, I have taken hand fulls of seeds and gone, "whew," just hands full of different seeds. I have got flax seed, I have got rose seed, I've got wheat seed, I have got oat seed, I have got all the good things like quinoa and you know, good things like, what do they have? Millet, you know the good things that you people don't like to eat. I don't necessarily like them so much but you'd be surprised how good pancakes are made out of quinoa flour--delicious. If you don't know how to do it well, you'll just have to suffer to learn.

Now, what happens is I'm going to cover all these lovely seeds up with dirt. [D] Now, the rain comes down and the sun comes down and what happens? Okay, up comes this plant, up comes this plant and we're going to run out of plants but you won't mind that. Oops, that's the dirt. Where are we? Well now look it, we'll do something like this, we'll get different plants--see? Now the point is this, this dirt [D] is one common chunk of dirt and I can get it analyzed and absolutely every single thing in that dirt, these plants draw on and they take from this one piece of dirt and they come up with as many as a hundred and fifty thousand different kinds of plants. What did it? Not the soil, no, no, no, no, no. Not even the genes, it's the Life beyond the genes that did it because the life determined the genes when the Life had something to work on.

**21** So you see what I'm talking about? A Life up here [1a] and that Life absolutely determined the genes, determined the characteristics, determined every single solid thing so it didn't matter what the substance was--so God out of one substance, one chunk of clay can bring forth every one of His attributes in every child until He gets a beautiful church just the way He wants it, washed in the Blood, full of the Holy Ghost, bring it back [8nj] without spot, without wrinkle and is the glory of God, the assessment of Almighty God, what lay in that life [1a] that could not be seen. So what am I trying to tell you? The whole thing [1] is of God when it comes to life. See?

That's like Bro. Branham said..."Only a man,"...look at this Jesus--only a man, William Branham--only a man, Isaiah--only a man, you and me--only a man." Always goes by, passes everybody because you see, they cannot see as the Greeks came to see Jesus, they couldn't see Him because He was veiled in His tent of flesh; and the Greeks want knowledge, and the Jews want signs, and neither one will take the knowledge of God or the sign of God, they want their own stupidity and the Greeks haven't changed. Oh that wasn't nice. Neither have the Jews and neither have you and I when it comes to race. So what we're looking at [1] generically and genetically, generically and genetically as a race and what lies within it--absolutely God, and down here [8nj] is the same thing. That's why the Bible warns, "Don't judge any man's servant under his own master he standeth or fall and yea is God is able to make him to stand." So here we find here and there...[End of side one.]

**22** And there is the Son who is part of God. A part of the life of the Father. Amen is. So much as to be the fullness of the attributes of the Godhead, and generically and genetically. God creating Himself into human flesh from that start 'cause that's where God started, Because the Bible says, "That's what it was in the beginning and then it became flesh."

And you notice the word "made" is always the word "become". And when you use the word "become" it simply means a metamorphosis. And the metamorphosis thin is what was there in the initial beginning. How could a caterpillar go to a butterfly? It's because of not what is in the physical but was . . . [blank spot on tape] . . . filth decay and the horrible minds degrade by hell, television and everything else and get here. [8nj] Because it always was, it always was. See? The metamorphosis is a negative one as we come down [6ts] but as we receive Christ it becomes a positive

metamorphosis. Bible says so. It's the renewing of the mind.

Now number three: Then all the other sons come. And this is not as I said just a plan but this is the destiny of God. God worked out His own destiny. See I know it makes our minds boggle. The trouble is we are spending too much time on everything but this kind of a subject. That's our trouble, I kid you not. Now look, I'm involved in it deeply because of my nature and what I have from God as a gift, as I believe it is a gift. I don't spend near the time on it but I spend lots just thinking, thinking, thinking, looking, wondering, wondering, and I'm not a prophet, I can't hit the nail right on the head. I hammer around, may go kind of crooked but I'll get that nail in there by the grace of God. I'm not worried so don't you be worried either. I tell you the truth in Christ Jesus as far as I know it.

**23** All right, it is to be noted that when the Son was begotten of God the description is Heb 1:3. Now in Hebrews we're going to look at some things here that are pretty fantastic if we can, if I'm right. Who knows?

(3) Who being the brightness of his glory,

Now the word 'glory' means the assessment, in a comparison. If you say a thing is glorious you say, "Hey this beats everything." See? This is the assessment, this is glorious. This hits the nail on the head. This fills the bill. There's no words for it. How am I going to talk about it? It's beyond me.

(3) ...Who being (the outflowing of God's own assessment)... the express image of his person, (That's where trinity comes in and they miss it.) and upholding all things by the word of his power,

That is in the beginning because God by Christ Jesus created all things and maintains them. See? Why? Because nothing was ever done until this. [1a] Always you'll find the Son dealing with Word in obedience, manifesting. I don't care whatever you go to, you'll always find it there, it's always there. This is the same as in John. Now he says here.

(3) ...when he had by himself purged our sins and sat down;

Okay? I read you the first part and stopped at the last part.

(3) Who being the (effulgence, the outraying of His glory) and the express image of his person, and upholding all things by the word of his power, (Now hold it, He didn't do that when He was in the flesh, and the flesh didn't do that. The flesh said, "My Father's doing it." The flesh didn't claim anything. But notice then it says.) he purged our sins by himself. (Spirits can't purge sins, spirits can't bleed.)

**24** Let's go back to John and find what He's saying. It's quite simple I believe, I hope it is.

(1) In the beginning was the Word, the Word was with God, and the Word was God.

(2) The same was in the beginning with God.

(3) All things were made by him; and without him was not any thing made that was made.

(4) In him was life; and the life was the light of men.

See? Now I could just drop that right there after 3.

(3) Not anything made that was made.

**25** Then it says in verse 14.

(14) And the word became flesh,

There's a becoming. In other words, there's a metamorphosis. There's something there because of what was there in the beginning and if what wasn't there in the beginning this wouldn't be and neither would this be if it wasn't there in the beginning. As Bro. Branham said, "If you didn't have representation there you ain't got it here." Now pardon my English and my grammar, I used that on purpose because it's a little more bombastic and gets to the point.

All right, this is testified to by Jesus. Let's go to John the 8th chapter and the forty-second verse. And he says;

(42) Jesus said unto them, If God were your Father, you would love me: for I proceeded forth and came from God;

He said, "If God were your Father you'd recognize that He is my Father in a way He's not your Father but we've got the same Father." Paul understood that for He said, "Both He that sanctified them that are sanctified, are all of one source which is God."

All right, also we go to Jn 16:27-31.

(27) For the Father himself loveth you, because you have loved me, and have believed that I came out from God.

You know the word 'born' means to issue forth from. To beget means to cause to conceive. There's different expressions.

(28) I came forth from the Father and am come into the world: again, I leave the world, and go to the Father.

**26** Now listen, listen to the disciples...can you, can you believe the disciples would say this?

(29) ...Lo, now speakest thou plainly, and speakest no proverb.

(30) Now are we sure that thou knowest all things, and need not that any man should ask thee: by this we believe that thou camest forth from God.

(31) Jesus said, Do you now believe?

Remember Bro. Branham said, "Jesus didn't bypass His theophonic body," so therefore...and you know what? That's exactly how they knew He was the Memra or the Logos because you see when you deal with this, you positively equate God and the Word and you equate God and His Word to moving and action and visibility. And He said, "Now we know that You are the visibility of God."

**27** I don't follow this too good Terry, these guys had something I don't have but we've got the same thing in a way. I look at this so many times, whew. He said, "I came forth from God." Well, I can understand this, in this respect; when you see a ministry like that man had by the Holy Ghost,

you would have to say, "God's in this thing period." And when Jesus came on the scene and He did what He did with Lazarus stinking, his face caved in, in four days of that hot weather, I mean stinking, rotten mess, the body going to liquid; they looked and they said, "There's got to be God in this somewhere." And I'll tell you, if I was at that place and I saw Jesus do it, I would have to say, "God's got to be in you boy because somebody's in You that we ain't got and nobody's got, or you've got a contact. And if You want to tell me God's in You doing this I'm not going to gainsay it and step around and say, 'Hey I don't believe that,' I'm going to say it. I'm going to believe You and I'm going to stick with it, let it take me where it will." That's where we stand with this, this morning, let it take us where it will, hell or high Heaven, because I'm not interested in moving.

I saw too much, and I saw what these jackal apes haven't got. These guys that write their books, these stinking, unholy, unvirtuous, rotten seed of the serpent write their books. They ain't got it. Look, I've been around I've seen the best in the twentieth century. Don't talk to me, you're talking to the wrong guy. Go and start your own church--buzz off. Happy to get rid of you. When you leaving?

He said, "Now do you believe? Have you finally come to the place where vindication means something?" It means everything, let's get it flat. You know Mr. Quayle may have Redford's good looks but that's where it ends. A lot of churches take the Name of Jesus but that's where it ends. They bear it in vain and God will not allow His Name to be born in vain. Where do we stand as little Jesus's, Messiahettes? We better come home to ourselves too because chickens always ...?....

**28** It is also noted that no other sons of God are like unto the Only-Begotten Son, for God brought forth of Himself and out of Himself no other is like this One. We came out of flesh. Thus here we see the conception of the mediator and intercessor. God being His own mediator and intercessor because He comes between. Right? Is this not between this [1a] and this? [8nj] Was not this here [1a] previous? Did we not bypass this?[4] Do we have any memory? No way. "Now we know thou knowest all things." He didn't bypass it. God simply reduced that by His life forming an egg and a sperm. It had the power to absorb from the flesh from the earth and bring forth a child. Thus this One between God and all other sons, and they're called men, here we are right here, [8nj] here He is, [5l] here he is,[8ve] here he is. [8nb & 8fv]

Alpha is Omega, if Alpha is not Omega I am teaching you false. How can I be teaching you false when a vindicated prophet said that? You tell me. God brought forth this One that in Him and by Him and through Him, God Himself would be fully manifested and God's will might be fully done and you know it's the truth. He said, "For this purpose am I here." Then what purpose was He there? See, that throws a different light on things. If you don't understand Alpha and Omega and realize this is one of the greatest principles taught to us by Bro. Branham in the "Future Home Of The Earthly Bride," is where it is...no "The Masterpiece," right Masterpiece, that's where it is isn't it? You just do yourself a favour and look it up. This is thoroughly exemplified in 2 Cor 5:19. I read it to you.

(19) God was in Christ (Where the principle is set that God is in Christ doing His entire will.)

With that we can prove it by reading Jn 14:6-11.

(6) Jesus said, I am the way, the truth, and the life: (The reality and the life. I am the reality. God alone is reality.) no man comes to the Father, except by me.

(7) If you had known me, you should have known my Father also: and from henceforth you know him, and have seen him.

(8) Philip said, shew us the Father, that will suffice us.

(9) And Jesus said, Have I been so long with you, you have not yet known me, Philip? (Jesus said it, but who was saying it in Him? Said, "My Father speaks the words, gives me the words to speak, and what He tells me to do.") Have I been so long with you and you not know me, Philip? He that hath seen me hath seen the Father;

**29** Right. Okay, here's a rose up here.[P] He that has seen the rose has seen the rose life. Here's [P]a dandelion; he that has seen the dandelion has seen dandelion life. He that saw Christ saw God life. That's right. Pillar of Fire unequivocally God. God in the Pillar of Fire. [Points to the picture of the Pillar of Fire on the wall] The Shekinah glory, that which is attendant upon the personal Presence of God. God personally there at Mary's...the begetting of the Son Jesus Christ because that's what the Scripture said, "With the personal Presence of God all things are possible." That's why we sing that verse here, "Now that You're here all things are possible." Let's keep reading.

(9) How do you say then, shew us the Father?

(10) Believest thou not that I am in the Father, and the Father in me?

Now Paul says, "In Him we live and move and have our being." What do you do with that mystery? Paul said that's the way it is. "All things were made by Him and all things were maintained by Him." Then we here [6ts] in Him we live and move and have our being but this bunch here. [6hms] Oh they've got a lot of theology, oh they're smart, they've got all the answers.

Hey, we've gone back forty-five minutes haven't we? You turned it over? Well that's nice of you. Ha, ha, ha, I've got to know when to quit.

**30** All right, these here [6hms] they're so great, great, great people they turn all black. They can't say, "In Him we live and move and have our being." But these people here, [6ts] "In Him we live and move and have our being," and then He comes down [Changes the colour of 6ts from brown to white] and makes us all white, [AW] thank God, now with the baptism with the Holy Ghost everything becomes subject, subject to God, [SG] the Word. God doesn't lie brother/sister: people lie but God doesn't. His holy prophets don't lie.

Okay, did I finish reading? Now He says here;

(11) Believe me that I am in the Father, and the Father in me: or believe me for the very works' sake.

Now, the point is then this; the works that were manifested proves to this Bride here, that'll soon be there because remember it's already White Throne. There's twenty-four hours in a few seconds before we're here.[8nj] That's all, one day. What manner of people we ought to be? First before we ever ought to be we ought to recognize who we are in order to be because we had to be in order to be, [1a] we had to be, [1a] See? We had to be, we had to was, [1a] before we be. [8nj] The same yesterday, today, and forever just like our big Brother, just like God Himself. See? You can't change. That's why Bro. Branham said, "Hey," he said, "Look, you never did sin." What was he talking about? This part here, [6hms] or this part here? [6ts] How could God lose Himself? How could God lose a part of Himself? See? It was in the body that sin was, Rom 3:20, we'll go to it later on.

**31** Now, watch verse 11.

(11) Believe me that I am in the Father, and the Father in me:

Do you believe that? Okay, let's go back to where we were reading in Heb 1: 3.

(3) Who being the effulgence, the out-ricing of his glory, the actual assessment, (As Bro. Branham said, Jesus was the fullness of the attributes of the Godhead. Generically, genetically. Here He is.) the express image of his person,

Look it, this rose [LBS] is the express image of the life rose. This dandelion is the express image of dandelion. You are the express image of you. Why do you want to change your features? Got a bunch of Hahn's around us, Jessica Hahn's a prostitute with the Pentecostals? Nose bob, ear bob, this kind of bob. Boy she won't have to have much to turn to stone she's got enough silicone in her now. There you are, woman type the church. I have nothing against woman. I love my sisters but I'm taking no nonsense. They create a lot of it and they shouldn't do it. Men follow right behind like a bunch of fools, prove that every single day of their life. Related to...never mind the subject. Hold it--let's go back here.

(3) Being the brightness, (the effulgence, the outricing of his glory) the express image of his person, upholding all things by the word of his power,

**32** See? That's the pre-existent One. Bro. Branham said, "He was there before, pre-existed. He didn't bypass the theophany; we do, we haven't got a memory."

Okay, now just a note here. Now we notice that Jesus did not marry and bear children. You know everybody thinks that that's a possibility. Well it is in the sense of the word but I'm going to tell you something; if Jesus had married He'd married a hybrid and the kids would have been hybrids. I'm going to tell you why, because the original Adam was given Eve and she was in his image and she was a helpmeet which means she was an identical specie. Find me a woman identical specie to Jesus. You can't do it. He would have had a bunch of bastards. That's why though He could have physical desire because of male organ the same as you, and women with the same problem, there was no way He was even interested.

That's what the Holy Ghost can do to men and woman. Not some cranky old bachelor that's a jerk and some stupid sour old maid. We ain't got any of those, you may be a spinster but we ain't got sour old maids around here. Got natural living human beings and I appreciate that; I like to see males that are males and women they're sensibly female. God help us from having homosexuals around the place or even bisexuals. Well they'll both go to hell anyway. Aids will soon take them out of here.

**33** There was really no way He could because there was no other one of His kind. The only kind that He had were these here [8ve] and it wasn't in the flesh, it was in the Spirit only. You can never know Jesus by the flesh. He didn't want any flesh, he just came and took it in order to have Blood which was the blood of God, because look it here, all of this, the juice and everything in here [LBS] is the juice and the texture of the Life. Every ounce of blood that Jesus had was from that in the middle up there [2u] that produced it. It was Jesus as the blood of God, the book of Acts tells us. You say, "How can it be?" I just told you. "I don't understand it?" Who cares? I don't understand too much either. You don't have to, just believe it.

So, now then we see God the Father starting a God race or a family. He has a Son in His own

image--Christ is the image and the essentiality of God as a Son, it says in Hebrews there. See? Heb 1: 3.

(1) God, who at sundry times and in divers manners spake in time past unto the fathers in the prophets,

(2) Hath in these last days spoken unto us in Son, whom he hath appointed heir of all things, by whom he also made the worlds;

**34** And notice now, what was this One?

(3) Who being the out-ricing of his glory, the express image of his person, upholding all things by the word of his power,

See? That's where it was in the beginning and that's where it always will be, so when He came in flesh He had to be that One. God manifested in flesh in the role of a son. Simple as ABC. Because here was God starting the formation from attributes, [Bro. Vayle refers to the board which is not in view at this point] but down here when He came in flesh, all of God moved into Him. Bro. Branham said, "God reduced Himself to the size of a sperm and egg." Mystery? Who cares it's a mystery. I like it just the same. Here shows that God is Son in the form of Sonship, it says right here.

Then God stops right there. There's no more sons, right at this point here God stops right there, there's no more sons like that and they all come down through here. See? That's how He does it. Then God stops right there, no more sons in spirit or Word-bodies. God now makes, or creates and forms man because the Bible says so. Now, this is a step down because God said, "Let us make man in our image." He doesn't say that these sons are the out-ricing. No--they're just attributes within themselves from God, each an attribute. They're not what this is here. He stops it and He said, "Let's begin to do something about these," so He makes not a theophonic body, but He forms in here [6ae] then this other body--Adam and Eve. And He said, "Now they're going to be the ones." He forms and He creates and He said, "They are going to be the ones to propagate the earth."

**35** Now where did their life come from? It came from God. So they will be responsible for producing demi-gods. And of course they fell into sin, every child of God then died in sin. In other words, separated from Almighty God. You know that was separation in the Garden of Eden, they died, they're separated from God--but they went on living, and living, and living hundreds of years but finally within the day they died. Nobody lived to be a thousand years of age. Only the Millennium brings it back to you, see?

Okay, now how much time we got? We'll never finish, twenty-five minutes. I think I better let you go. I know we're right at a real interesting place here; twenty-five minutes, no. Do you mind if we quit? It's too bad, I can't hold you longer because this makes, this would make the day far too long. Too many...here I've got just a little bit of notes left but I've got a little too many Scriptures.

Okay, we'll stop right here [6ae] at this point where God ceases, He cuts it off right here. [2u] The Only-Begotten Son, no more. He moves into this realm [5] and come on down here, [6ts] see? And my next step, and if you read carefully in the book of Hebrews, you are going to find a split picture of Jesus Christ and the sons of God and you are going to find One [2u] in the beginning previous to this, [5] and you'll find one down here when He comes down to take on a form of flesh and they work in parallel. And you can see why Bro. Branham said, "We came exactly the same way and every son of God will end up the same way, the same as Jesus leaving His theophany, died and went into hell and preached in it," we go and get our theophany when we die and if we don't die we get glorified and pick our theophany up but we complete the whole plan of God so it's all of God and

it's a manifestation of God.

**36** In other words, we're looking at reality. That's why Bro. Branham said, all the time he said, "Put your hand up like this before the light then move toward the wall and your hand will fit exactly the shadow," and he said, "we're running out of shadow." And he said, "Wouldn't it be strange to have an elephant on the wall appear a shadow and a little spindly man show up as the real thing?"

How can you be elementary here [8nj] in the negative of God and the negative is the physical form, and you being positive in here [6ts] of God and not end up here [8nj] exactly. Just like the Son of God the Lamb. [5l] See? That's why all things are of Him, and for Him, and to Him. That's why you've got a perfection. That's why we're not dealing in generalities. We are not dealing in plans, we are dealing in God, brother/sister. That's why he said so many times, "I'm sorry for these faith healers and all these people out there. They buy God for nothing, sell Him for billions." God's a pretty shrewd business man, He'll want His own with interest, He said so.

I don't want to be in their place. It's bad enough to be in my place because I may be saying things I shouldn't be saying, I don't know; but I feel no check. I don't understand it all, I cannot. My mind cannot comprehend it but I can understand enough to know that's what Bro. Branham said, and that's what I am going to say and if I don't understand it I don't care because I've bypassed it. Then there's certain things, my brother/sister, that even if I did know I couldn't utter. There'd be no way, it's not meant to. We've got to wait.

Do you love the Lord this morning? I love the Lord in my own little crazy way, you know, not too deep, not too great but I'm glad I love Him and I'm glad I love God's people. Many times I get a little bit anxious because I lay my neck on the block for them and they turn around and not only chop my head off but they kick me when I'm down, but that's all par for the course. If you didn't get that you wouldn't be like Christ and the big thing about it is we complain when we get these problems, we should never complain, we should look up because we know our redemption draweth near. And you say, "What if it wasn't drawing near?" Well mine's drawing near because I'm going to get out of here somehow, I'm seventy-four years old, I can't live too much longer. Praise the Lord. No praise the Lord? Come on, what's the matter with you guys? You know, ha, ha...let's rise and be dismissed.

**37** Gracious Heavenly Father, we thank You again for Your kindness, Your love to us, O God. Your goodness wherein You shower upon us from Heaven, Lord, and we know today as we've never known before, and thank God it will be dynamized to us, that this is not a plan, this is a real conception, it is a real birth, it is a real metamorphosis, it is reality: and though we call it a plan, that's ridiculous really because we know Lord a life is not a plan, a life is a life and out of the life comes those things that look like a plan, but it's a life.

And so Father we're so grateful to know in that great day there will be nothing Lord except you and your own Elect, which are not truly created but in a sense are, and formed. And then there'll be Your creation which You desire to have there but they live by You the same as we do, and it'll be wonderful and it'll be more than wonderful because we will be fully aware of the things and know those things which we didn't know and we'll be so comfortable with them and it'll be so wonderful that as we cannot remember that which was previous, neither shall we remember that which is now behind us but eternity will go back to eternity.

**38** And Lord we know we're just talking this morning, it's just kind of like steam coming out of our mouths but we know we're saying the truth and God if it's the truth then we know that Your Word in

our mouths is the same as Your Word in Christ's mouth, or any great prophet of God, and You stand behind Your Word to perform it, Lord, and will bring it to pass until this living Word in us makes us total living Word in the unhybridized beautiful form that You wanted, and we Lord, in ourselves know that we want, and thank You for the mercy Lord that You've given us.

Now be with each one Father, our dear friends that be departing, we know Lord going back home tomorrow, we want You to be with them, journeying mercies, safety, Father. We do not pray to bring us together here upon this earth though it sure would be nice, but we pray Lord... won't one of us miss each other on that great day over there when all things come into perfect and fullness of You.

So Father, we just ask You now, may Your Word dwell in us so richly the love of Christ, the Spirit of God in our midst until every sick one amongst us healed, O God. Surely Lord that shouldn't be too hard and we realize, I stand up here under anointing which I believe is of You, and the Word is of You Lord and I don't have a pain in my body, I don't have a care in my soul, I don't seem to have anything, Lord, except just life flowing like a river from the throne right down here, Father, then how much can this Word do Lord for us in the market place, in our homes, every day of our lives. Surely it is a healing Message, it is a living Message, it is a great Word.

And so we thank You now for fellowship, for good friends, for the love of God, all these things Lord, for life, breath, all of these things we thank You and unto You be the praise, and the honour and glory, through Jesus Christ our Lord. Amen.

'Take the Name of Jesus with you.'
